

Ellis Grip (G070) - 11 1/8" ELLIS

G070

10" C-to-C, 11 1/8" overall

From a collection that honors its traditional architectural heritage. Classic, ornate details are achieved through age-old investment casting techniques.

OPTIONS

The grip as seen above is 10" center-to-center and 11 1/8" overall shown in white bronze, light patina. Grips or pulls are terrific solution for doors that do not need a traditional latching closer. Our grips can be mounted "back to back" on a door for a clean look, for instance on a plate glass door, or as a single grip like a refrigerator door. Available in a wide variety of patina options. Visit www.rockymountainhardware.com to view more options.

Ellis grips are available in 7 1/2" & 10" center- to-center sizes.
